

Challenger 300

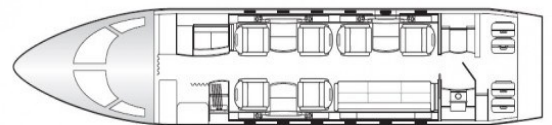

Features

The sophisticated Challenger 300 is a high performance super-midsize business jet with a range of 3,100 nautical miles and the ability to access more airports than any other aircraft in its class. It features a spacious cabin for up to nine passengers, and it is equipped with state-of-the-art entertainment and office technology. This aircraft holds five over-water and transcontinental US records, and it leads the class in all-around economies.
